Dear Friends,

Legislative actions have a major impact on construction business. And since nearly every aspect of our economic and professional lives is impacted by local, state, and federal governments, the need for us to participate in the political process is crucial.

The **General Building Contractors Association PAC (GBCA PAC)** is a fund of voluntary personal contributions from our members. The GBCA PAC represents individuals in GBCA who join together by giving financial support to provide a strong, collective voice on local and state issues. Maintaining a strong PAC demonstrates that we have a strong grassroots network, effective leadership, and a committed membership.

Your contributions to GBCA PAC are greatly appreciated, both large and small. Every contribution is a step in the right direction to help elect legislators willing to listen objectively to our concerns, understand them and act accordingly.

By contributing to GBCA PAC, you help to support both local and state races. GBCA PAC directly contributes to key local races and also contributes to important state races through the General Contractors Association of PA (GCAP) Political Action Committee. On behalf of the GBCA and union contractors state wide, GCAP monitors and helps draft legislation in Harrisburg. Our GBCA PAC's support of the GCAP PAC and their mission to reach out to state legislators is crucial to having our voice heard on a state level.

Thanks again for your contribution! We are happy to answer questions you may have. Please contact Lisa Godlewski at 215.568.7015 or [communication@gbca.net](mailto:communication@gbca.net).
