For Clarity Purposes:

I have had many conversations with the Mayor, the Mayor's Office, the Governor's Office and the Department of L&I – and as of right now, the Construction Industry is NOT included in the Mayor's recent closing of non-essential businesses. Over the past few weeks, WE have worked diligently to keep our members safe during this eerie and unstable time. Not only have I included Owners, General Contractors and Subcontractors in the recent conversations, but I want to thank them for all the cooperation they have given US and for supplying the proper product on jobsites to keep our people healthy.

If anyone has any questions or concerns, please contact me directly – 215-409-5532 or jjdoc@ibew98.org.

Please don't forget – wash your hands with soap and water, cover coughs and sneeze with your elbow, try not to touch your face and if you are sick, please stay home.
